

# Our Historical Learning Journey in KS4

Year 10

Medicine in the Middle Ages 1250-1500

Renaissance Medicine 1500-1700

Medicine in the Industrial Revolution 1700-1900

Modern Medicine 1900-present

WW1: Medicine on the Western Front

The Origins of the Cold War

Ideological differences between the Superpowers

Flashpoints: The Berlin Wall & The Cuban Missile Crisis

Here at Hurstmere we would like to see our history students :

- On a global scale-**
- To have knowledge of key historical events and how these events have shaped modern Britain and the modern world.
  - To become global and local citizens with an awareness of how historical events have impacted their local community.
  - To have an awareness of the diverse voices that make up history.
  - To develop skills that prepare them for the modern world and the modern labour market

Year 11

Norman England: The Church and the Feudal System.

William I establishing control and Anglo-Saxon resistance

The Battle of Hastings

Anglo Saxon Britain

Détente: How did the superpowers try to reduce tension?

The End of the Cold War

The death of William and the succession

Life in the USA for Black Americans

Early Civil Rights campaigns and the role of MLK

The End of the Vietnam War

GCSE Exams

The Vietnam War and a new protest movement

Students should leave with the ability to apply historical skills to their everyday life.
